SHORT SCENIC TRIPS

in and around Asheville

SUNSET MOUNTAIN (Round Trip Ten Miles)—Follow Charlotte Street, turn up Macon Avenue to entrance of Grove Park Inn; take Macadam Toll Road to right to the summit of Sunset Mountain, at an elevation of 3,200 feet, which provides a magnificent panorama of the entire city and surrounding mountains. Powerful field glasses brought from Germany during the war are available at the summit. Tolls, 50c for one-seat cars, and 75c for two-seat cars.

BEAUCATCHER MOUNTAIN "Under the Mountain, Then Over the Mountain" (Round Trip Five Miles)—Go out College Street and on up through the Tunnel; continue on about a mile to a paved road which doubles back sharply to the right. This is Beaucatcher Road which winds up over the ridge and provides a splendid view of Asheville. The Henry Art Museum is on this mountain and the entrance gate is to the right at the foot on the city side, above the mouth of the Tunnel.

ELK MOUNTAIN SCENIC HIGHWAY (Round Trip 25 Miles)—This is the most beautiful trip within an equal distance from Asheville. It offers a marvelous variety of panoramic views. Do not fail to take this trip! Follow Merrimon Avenue to Beaverdam Road, the second road on the right just beyond Grace. About one mile out on this road turn left, to the ridge of the Elk Mountain Range. Continue along this road around the entire range, back toward Asheville past Mountain Meadows Inn, to to Beaucatcher Mountain.

THE GROVE PARK SECTION (Round Trip Ten Miles)—The Grove Park Section is entered from Charlotte Street, just beyond The Manor, both right and left of the road. It is most interesting with its beautiful homes. Saint Mary's Church, with its wayside Calvary Shrine is located at intersection of Charlotte Street and Macon Avenue; Grove Park Inn and Grounds, in which are located the Biltmore Industries where homespun cloth is woven and beautiful wood carving is done. We suggest that you continue on up past the Inn on the Sunset Mountain Toll Road to the summit.

KIMBERLY AVENUE SECTION (Round Trip Six Miles)—This a very short trip but well worth taking. Drive out Charlotte Street and turn left on Edwin Place opposite The Manor, bearing right into Kimberly Avenue. This avenue gives you beautiful views of Sunset Mountain, Grove Park Inn, Asheville Golf and Country Club, and other senic delights.

LAKE VIEW PARK AND BEAVER LAKE (Round Trip Eight Miles)—This beautiful recreational and residential section in the northern part of the city combines many charms, both natural and man-made. It is reached by continuing out Merrimon Avenue. At the end of the Lake a road to the left circles around the Lake.

BILTMORE FOREST (Round Trip 12 Miles)—Biltmore Forest is one of the outstanding residential sections of the South in the beauty of its layout and landscaping, its views and the character of its homes. It was originally a part of the Biltmore Estate, where forestry in this country was born, and it has wonderful stands of white pine and other trees planted by the late George W. Vanderbilt about forty years ago. There is about ten miles of paved roads with beautiful trees and shrubbery and bordered by some of the finest homes in America. A drive through these roads is most enjoyable. The air is fragrant with evergreens and the perfume of flowers and shrubbery.

BILTMORE HOUSE AND GARDENS (Round Trip 15 Miles)—Reached by way of Biltmore—through Lodge Gate. (See pages 6-7 for detailed description.)

MUNICIPAL RECREATION PARK (Round Trip eight miles)—Go out College Street, through the Tunnel (or over Beaucatcher Mountain). About a mile beyond bear left on N.C. 10. The road parallels Swannanoa River. The Municipal Golf Coarse is passed on the left and the Recreation Park is just beyond that, on the right. Here, there is a huge swimming pool, ferris wheel and other carnival attractions; a zoo, playgrounds for children and a beautiful small lake where boating is enjoyed. A dancing pavilion is on the shore of the lake, and a first-class skating rink is nearby.

PREFACE

ASHEVILLE FROM BEAUCATCHER MOUNTAIN

ASHEVILLE, N. C.

Asheville is the county seat of Buncombe County, and one of the principal resort centers of the eastern United States. The city has a population of 50,193 according to the United States Census of 1930. (Note: The 1935 Directory Census, taken on canvass by enumerators of The Piedmont Directory Co., give Asheville (within the city limits) a population of 50,525, and a population of 57,090 for Greater Asheville, or territory covered.

HISTORY

Asheville was founded in 1797 by John Burton, the city being known for about three years of its early history as Morristown. The name was later changed to Asheville, in honor of Samuel and John Ashe, noted men of that period.

The city has long been a resort center, the first resort hotel having been constructed near the Sulphur Springs in the western part of the city, west of the French Broad River. Later, the tourist traffic increased and other resort hotels were built, including the old Battery Park Hotel on the site now occupied by the modern structure. Other hotels have been constructed with growth of tourist trade, through expansion of transportation facilities, including railways and highways into the highlands. Industry and agriculture have also developed in the mountain section, to the point that Asheville has become a marketing and shopping center for 18 counties of Western North Carolina.

GOVERNMENT

Buncombe County is governed by a board of three commissioners. Asheville has the council-manager form of government, which includes a mayor and six other councilmen and a city manager. The two governmental bodies are housed in the handsome city and county buildings which flank the central city plaza. The city has one of the lowest fire records of any city of its size in the country, due to an efficient fire department, and the police department has become highly effective with the aid of radio, cooperation with the county law-enforcement officers and by means of the police-cruiser system.

COUNTY AND CITY BUILDNGS

TOURIST ATTRACTIONS

Scenic and other attractions of Asheville and Western North Carolina are always of paramount interest to visitors. The famous Biltmore House and Gardens, located in the midst of the 15,000-acre Biltmore Estate in Asheville, have been open to public view since 1930. The noted mansion, adjudged one of the finest private homes in the world, was constructed nearly half a century ago by the late George W. Vanderbilt. The House, built after the architectural pattern of the French chateaux, contains a vast collection of ob-

BILTMORE HOUSE

jects of artistic and historic value, gathered at great cost by Mr. Vanderbilt, in all parts of the world. Notable among the priceless treasures on display are the chessmen of Napoleon, the ceremonial robes of Cardinal Richelieu, ancient tapestries which graced the tent of Francis I at the Field of the Cloth of Gold, and a myriad other rare and precious objects.

Surrounding the House, the vast expanse of gardens and landscaped park present a great mass of flowers and superbly designed vistas to the beholder throughout the spring, summer and autumnal seasons.

In Riverside Cemetery are located the tombs of the famous writer, O. Henry, of Zebulon Vance, war-time Governor of North Carolina, and the now-famous marker erected to the memory of 18 German sailors by members of the Kiffin Rockwell Post of the American Legion. This is the only monument ever erected by American soldiers to the memory of their foreign foes.

UNIQUE, GROVE PARK INN

Grove Park Inn, because of its unique setting and architecture is a point often visited in the city. Circling the summits of the mountains near the city, the Asheville Scenic Highway reveals surpassingly beautiful vistas to the motorist.

MOUNT MITCHELL, HIGHEST PEAK EAST OF THE ROCKIES

In the surrounding highland region, the scenic beauty of the Sapphire Country, of Chimney Rock and Lake Lure, the Blowing Rock and Linville sections, the Tryon resort region, and the sections near Hendersonville and Waynesville are of interest to visitors.

Mount Mitchell, highest mountain in Eastern America, and Mount Pisgah in the Pisgah National Forest, may be climbed by the motorist.

GREAT SMOKY MOUNTAINS NATIONAL PARK

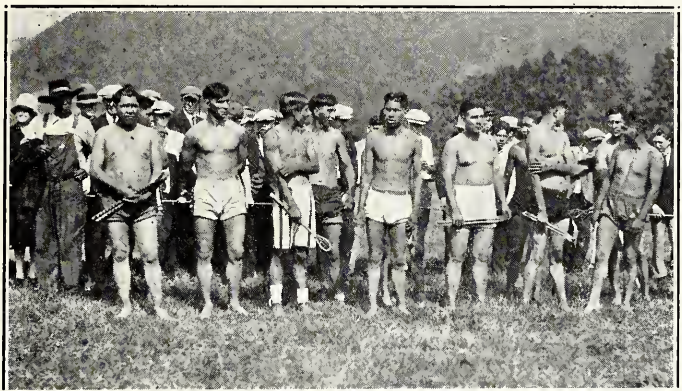
Asheville is the eastern gateway point to the Great Smoky Mountains National Park, the nation's newest and most popular playground. This great scenic region with its majestic peaks and deep valleys, its vast expanse of virgin forests, its clear trout streams and tumbling waterfalls is a center of interest for visitors. Over 420,000 visitors entered this national park last season. Excellent highways connect Asheville with the Great Smokies and on the eastern approach to the park is located the 60,000 acre reservation of the Eastern Band of Cherokee Indians. Here live 3,000 Indians, occupying their ancient hunting grounds, and pursuing their ancient crafts and customs, under supervision of the Government.

LOG CABIN IN THE SMOKIES

THE CHIMNEYS, SMOKY MOUNTAINS NATIONAL PARK

THE NATIONAL PARKWAY

Through Western North Carolina will be built the $16,000,000 National Park-to-Park Highway, connecting the Shenandoah National Park in Virginia with the Great Smoky Mountains National Park in Tennesee and North Carolina. This great touring route, when completed along the summits of the highest of the Appalachian peaks, will be the finest highway in America.



THE INDIAN BALL GAME IS MORE STRENUOUS THAN ANY GAME OF THE WHITE MAN

SPORTS

Asheville and Western North Carolina comprise a region which is a paradise for outdoorsmen. In Asheville five golf courses, adjudged among the finest to be found in the South, offer grass greens and fairways to the golfer. These include the courses of the Asheville Country Club, the Biltmore Forest County Club, the Malvern Hills Golf Club, the Lake View Golf Club, and the Municipal Golf Links. Over a score of excellent courses are to be found in the resort centers of the highlands.

Tennis courts, swimming pools and other recreational facilities are provided in Asheville. The City Recreation Park, with its huge outdoor pool, its lake for boating, its skating rink, its zoo and amusement devices, is a center of attraction.

MOUNT PISGAH AND THE RAT

VIEW OF LAKE LURE AND THE VALLEY. THE TOP OF CHIMNEY ROCK IS IN THE FOREGROUND

* * *

TROUT FISHING

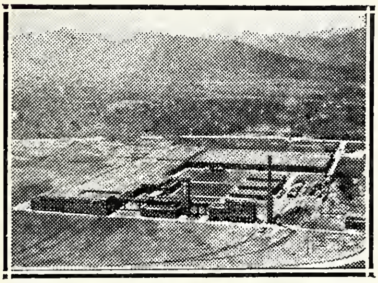
Over 70 artificial lakes, located in all parts of the Land of the Sky, provide opportuniites for boating, sailing and fishing. Through the mountains many hundreds of miles of trails are open to the hiker and horseman. Streams of the region are well stocked in most cases with brook and rainbow trout and the five game preserves in the Western North Carolina region, provide good hunting for deer in the surrounding terrain during the open hunting seasons. Bear, quail, rabbits and other small game are also plentiful in most of the moutain regions, and during the open season, nimrods from practically every state in the Union come to this section. During the past two seasons, deer hunts have been held in the Pisgah National Game Preserve.

BEAVER LAKE AND LAKE VIEW COUNTRY CLUB

CLIMATE

An unsurpassed climate, which combines light, cool, exhilarating summers and mild winters, a large percentage of sunny days, mountain-protection from severe storms and a dry atmosphere, has long been a principal attraction of Asheville and the western portion of North Carolina. The health-giving qualities of this climate has been a factor in luring here many health-seekers in search of surcease from many different afflictions. Many sanatoria for the treatment of pulmonary and nervous afflictions are located in and near Asheville.

INDUSTRIES



AMERICAN ENKA PLANT

In addition to the large volume of tourist trade, which the city enjoys, Asheville is a center for industries. Located near here are the great rayon plant of the American Enka Corporation; the huge pulp and paper plant of the Champion Fibre Company, at Canton; the Sales Biltmore Bleacheries; the Beacon Manufacturing Company, makers of Blankets; the Hans Rees Tannery; the National Casket Company, and numerous other plants manufacturing mica products, hosiery, dimension lumber, furniture, food products, rayon garments, and other articles.

The native industries which produce homespun woolens, rugs, native pottery, native ironwork, and numerous other woven and manufactured articles, are noted throughout the country.

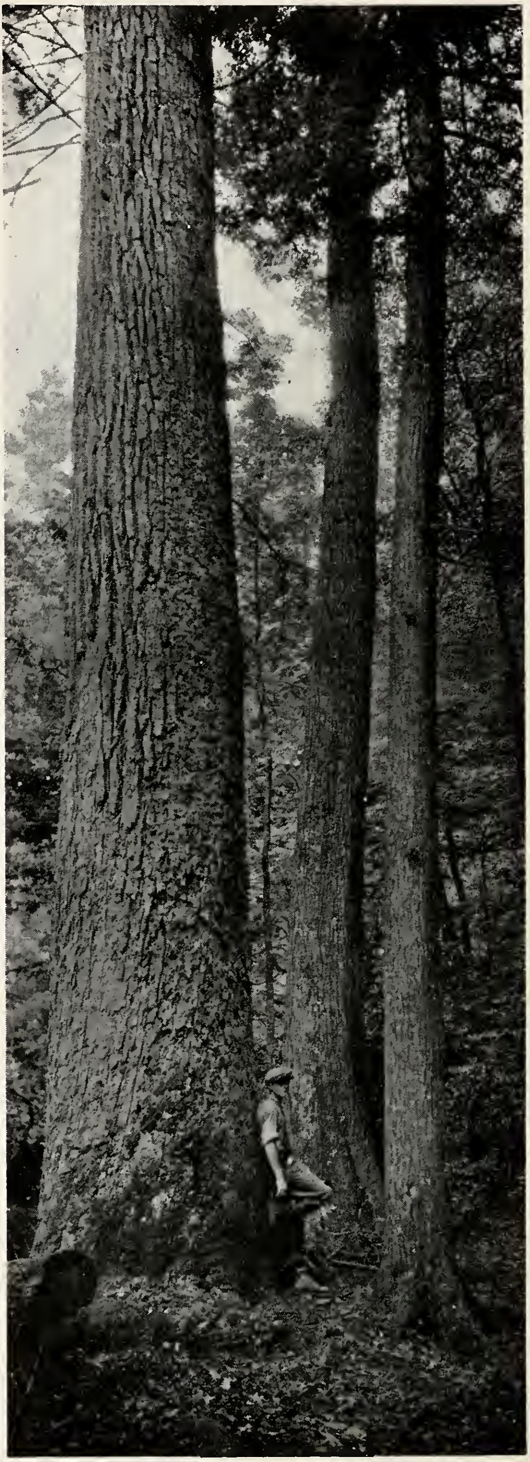
AGRICULTURE

Western North Carolina is noted for its production of apples, Tryon grapes, cattle and Burley tobacco. Asheville is a marketing center for these products, the city having four sales warehouses for tobacco and an auction center for cattle and other farm animals. The region is a general farming area also, and many crops are produced. Timber is also a noted crop in the highlands.

TRADE AND COMMERCE

As the principal commercial center for 18 counties, Asheville is one of the most important trade centers of North Carolina, the city having rated second in retail trade in the state in recent compilations. As an indicator of progress since the depression, sales tax figures for four months of 1934 showed an average increase of 27 per cent in retail sales over the same months in 1933. In October, 1934 the increase was 53 per cent over October, 1933.

Due to its large trade area and the many hundreds of thousands of visitors touring Western North Carolina at all seasons of the year, the city has become one of the finest shopping centers in the South.



SPECIAL EVENTS

Asheville's tourist season which extends throughout the year and reaches high peaks in the spring, summer and autumn, has inspired many events of unusual nature.

RHODODENDRON BLOSSOMS IN THE "LAND OF THE SKY"

The Rhododendron Festival held each year at the high point of the flowering season for the mountain rhododendron, is one of the most spectacular civic celebrations of the country. Presenting four colorful parades, a series of brilliant balls, spectacles and social affairs, the Festival has earned international fame.

Each season the mountain folk of the highlands gather at Asheville to present their annual Mountain Folk Festival in August, an event which is unique in its presentation of folk music and folk dances.

Horse shows held in Asheville, Tryon and Blowing Rock, the Asheville Dog Show and the annual invitation golf tournaments at the Asheville and Biltmore Forest Country Clubs are events of major importance.

WATER SUPPLY

Asheville's water supply is the purest to be found. The water, coming from the summits of the high peaks, is noted for its soft quality and its lack of impurities. The city water system is one of the few gravity systems in existence.

LITHOGRAPHY

THE PHOTO-LITHOGRAPHY process is very useful in those instances where you desire to use illustrations freely, or where "runs" are large. Where you wish to reproduce photographs, drawings, diagrams, hand-lettering, letters, or other similar matter in your printed piece, Photo-Lithography is economical because of savings on plate cost. Where runs are large, economy is again effected by the higher speed presses.

Photo-Lithography may confidently be chosen for producing pieces of the finest character . . . so-called "quality jobs." With all its possibilities for economy, this new process is capable of effects that rival . . . in some respects surpass . . . those of the most careful letterpress printing. In illustrations, it faithfully reveals all the tones of the original . . from white and delicate soft gray to jet black. Color can easily be employed to add to the attractiveness and liveliness of your printing. We will be glad to talk to you about Photo-Lithography in terms of your particular requirements. A phone call will bring our representative to you.

PUBLISHERS --- DIRECTORY

Piedmont Directory Co., Inc.

Publishers of

The Regular Asheville City Directory for More Than a Quarter of a Century

Members of the Association of North American Directory Publishers, and through our membership in this association, we are able to give wide distribution to our Asheville City Directory in free reference Directory Libraries over the United States and Canada. This becomes an important factor in the case of Asheville—a growing resort city catering to a wide clientele of tourists and eager to be included in the itineraries of the traveling public.

Our Asheville City Directory is a standard publication, in keeping with those of the large cities of the United States and Canada.

WONDERLAND

ASHEVILLE
is the key to the Wonderland of Western North Carolina, and the center of what is destined to be the greatest playground in all Eastern America. With the completion of the great National Park-to Park Highway, which will be the most elevated and picturesque roadway in America if not the world, and being the eastern entrance to the Great Smoky Mountains National Park, Asheville will soon be the mecca for thousands of tourists and homeseekers.

Piedmont Directory Co. **E. H. Miller, Mgr.**
Publishers Of The Regular Asheville City Directory

This Is The Regular

Asheville City Directory

HAVING SERVED THE PUBLIC FOR MORE THAN
A QUARTER OF A CENTURY

☞ENDORSED by Asheville Merchants and Business Firms!

We feel that long years of faithful services is the best endorsement obtainable. We make no promises that we do not fulfill—Our directory covers all outlying territory that goes to make a Greater Asheville. (We do not claim to take in the world).

We have always had the confidence and support of the public and the business interests of the city, and we feel that we deserve such and are entitled to continued support through the years to come—as we intend to maintain regular (annual) directory service for Asheville, second to none, **"Pro Bono Publico."**

Through our membership in the Association of North American Directory Publishers, we are able to give wide distribution to our Asheville City Directory in free reference Directory Libraries over the United States and Canada. This becomes an important factor in the case of Asheville—a growing resort city catering to a wide clientele of tourists and eager to be included in the itineraries of the traveling public.

A Local - - Copyright - - Standard Directory

This is a local, copyright, standard directory, published by a local firm and any statement made to the contrary is **false and untrue.** Considering the circumstances under which this directory was issued, we are more than pleased with the results obtained and we desire to thank our patrons and the public in general for their loyalty to us and to local industry.

We give wide distribution to our Asheville City Directory in free reference Directory Libraries over the United States and Canada. An important factor in the case of Asheville—a growing resort city catering to a wide clientele of tourists and eager to be included in the itineraries of the traveling public.—PIEDMONT DIRECTORY CO.

NATUROPATHY

A DEFINITION

The nature and scope of this method of treating diseases may be understood by noting the subjects in which applicants for license to practice are examined in some of the states where Naturopathy have their own examining boards. The following is a model: Anatomy and physiology, bateriology, bio-chemistry, biology, chemistry, clinical diagnosis, general physical diagnosis, endocrinology, (arano-therapy), pathology, ostelogy, gynecology and obstetrics, minor surgery, phychology (normal and abnormal), and the following methods of treatment: all forms of electro-therapy, hydrotherapy, massage, spinal therapy (either osteopathy or chiropractic), thermo-therapy, psycho-therapy, dietetics, and the science and practice of Naturopathy.

The science and practice of Naturopathy itself, as distinct from the methods mentioned above, includes general hygiene, physical training, proper uses of air, lights, electric light baths, vapor baths, the employment of tissive salts and herbs.

Only a few Naturopaths operating sanapractics, sanitariums or health resorts employ all these methods, but in some of the states all are required to pass examinations in such branches.

For further information regarding Naturopathy, write to

SERVICE BUREAU

℅ BETTER HEALTH FOUNDATION, INC.

ASHEVILLE, N. C.

The Biggs Treatment as employed here since 1909, is a naturopathic method of relief in chronic ailments.

For full information write

We give wide distribution to our Asheville City Directory in free reference Directory Libraries over the United States and Canada. An important factor in the case of Asheville—a growing resort city catering to a wide clientele of tourists and eager to be included in the itineraries of the traveling public.—PIEDMONT DIRECTORY CO.

We give wide distribution to our Asheville City Directory in free reference Directory Libraries over the United States and Canada. An important factor in the case of Asheville—a growing resort city catering to a wide clientele of tourists and eager to be included in the itineraries of the traveling public.—PIEDMONT DIRECTORY CO.

We give wide distribution to our Asheville City Directory in free reference Directory Libraries over the United States and Canada. An important factor in the case of Asheville—a growing resort city catering to a wide clientele of tourists and eager to be included in the itineraries of the traveling public.—PIEDMONT DIRECTORY CO.

"NO NEWS IS GOOD NEWS."

WE MAKE A PART OF OUR LIVING BY WRITING AUTOMOBILE INSURANCE, NECESSARY AND ADVISABLE BECAUSE OF LOSSES, HARDSHIPS AND MISFORTUNES THAT MIGHT COME TO YOU AND OTHERS. RECENT NEWSPAPER ARTICLES ARE RATHER DISCOURAGING. IF BY THIS UNUSUAL AD WE CAN MAKE YOU THINK—NOT LIGHTLY—BUT DOWNRIGHT SERIOUSLY OF THE VALUE OF A LITTLE MORE CARE (WATCH THE OTHER FELLOW—YOU HAVE TO BE A MIND READER IN DRIVING)—THEN THIS AD WILL HAVE WELL SERVED ITS PURPOSE. "NO NEWS IS GOOD NEWS." AVOID THE HEADLINES IN THE PAPERS BY DRIVING MORE CAREFULLY. THIS AD MAY CAUSE FEAR AND IF IT DOES MAY THAT BE A FORERUNNER OF CAUTION.

Centrally Located—Broadway at College

J. L. Rarden, Manager Phone 4570

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

U The Alphabetical Section to
S get Complete Information on
E a person or firm.

Piedmont Directory Co.'s

ASHEVILLE, N. C.

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide and Census

1935

Copyright, 1935, by Piedmont Directory Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol (c) after name denotes colored, the figure at end of name denotes number of people (including children) living at said number as taken on canvass, and population of each street or subdivision is shown at the end of each street or subdivision.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

TRADE! You like

to patronize those concerns who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quicks and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

THE PUBLISHERS

THE
CITY DIRECTORY

represents the City and its institutions in every corner of these United States

MORE GOODS ARE BOUGHT AND SOLD THROUGH THE CLASSIFIED BUSINESS LISTS OF THE DIRECTORY THAN ANY OTHER MEDIUM ON EARTH

Are You Properly Represented In It?

The Classified portion catalogues the professions and goods handled here

ARE YOU LISTED UNDER YOUR PROPER HEADING SO THE PROSPECTIVE BUYER CAN FIND YOU?

"Think It Over"

Association of North American Directory Publishers

General Offices: Fourth Ave., New York City

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or adviseable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this Association have subscribed to the following:

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To cooperate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fradulent or "fake" directory.
